LEADING GROCERS.

### TERSE TALES OF THE TOWN

#### One More Couple—

A wedding license was issued yesterday afternoon by County Clerk Clinton in favor of Mr. William Borson and Miss Anna Matson, both of this city.

#### And Still They Come—

Bernhard Martin Olsen, a native of Norway, yesterday filed his declaration of intention in the matter of his American citizenship, with County Clerk Clinton.

#### More to the Good—

Sheriff M. R. Pomeroy yesterday turned over to the treasurer of the county, William A. Sherman, the sum of \$816.52, tax collections for the past week, and the further sum of \$29.30, fees received in the office for the same period.

#### Stopped Off en Route—

Judge E. O. Potter, a prominent citizen of Eugene, was a passenger on the steamer Breakwater on Sunday last, having been to Marshfield on matters of business in connection with the State University. He dropped off here to greet some old friends and took the evening train Sunday for the metropolis and home.

#### A Night Alarm—

At 9 o'clock last evening a fire alarm was turned in from Box No. 14, at the McGregor mills, caused by the sawdust beneath the plant catching fire. No serious damage was done, and the department had no trouble in putting it out in short order.

#### Off For Norway—

Mrs. F. V. Walters, of Seattle, who has been the guest of her sisters, Mrs. L. A. Larson and Mrs. Peter Gimre, of this city, for the past several weeks, left yesterday morning for a protracted visit to her old home in beautiful Norway. She will remain there for an indefinite period of time.

#### New Fish Warden Here—

Master Fish Warden H. C. McAllister is gathering up the loose ends

of the official paraphernalia of the office of the fish warden which has been in the Astoria Savings Bank Building, preparatory to shipping the same to his new office in the Oregonian building in Portland. He will return to the metropolis this evening.

#### County Sunday School Convention—

The Clatsop County Sunday School convention will be held in the Methodist Church at Seaside Friday and Saturday of this week. Speakers from abroad as well as a number from the schools of the county will take part on the program. Extensive preparations have been made for an excellent convention. The Astoria Sunday schools will be largely represented.

#### No Trial Needed—

Henry Boardman, the young man arrested at Rainier on Saturday last and brought back to this city by Deputy Sheriff Arch. McLean, on a charge of having stolen \$47.50 from his employer, Frank Scott, at Seaside, was dismissed from Justice Goodman's court yesterday, the matter having been settled between himself and Mr. Scott without the intervention of the law.

#### Formally Withdrawn—

Thomas Linville, police patrolman, who had filed a petition with the county authorities, as an independent Republican candidate for the office of sheriff at the coming election, has withdrawn that document, in conformity with his published declaration of intention to do the same, which appeared in these columns some days ago.

#### Opens Tomorrow—

The Hon. County Court for Clatsop county will meet tomorrow morning in regular session for the month of May, and perhaps for the last time with just the same official line-up. The court intends to give especial attention to the development of some of the leading road interests of the county this summer and a number of the most important, including the Tillamook connections, and the beach-roads will receive attention.

#### Holiday in Prospect—

Since the fleet cannot and will not come to the people of Astoria, and is going to be within easy view of the bluffs, jetty and up-lands at the mouth of the river on a certain date not far away, there is a concerted movement afoot to have the stores, mills, factories and plants of the city give a general holiday so that all hands may drift ocean-ward and take a leisurely gaze at the majestic group of warships as they flock north to the Sound country. Astoria does not have any too many holidays anyway, and one more won't come amiss.

#### After Many Years—

When the steamship Rose City arrived in port yesterday, there came down her gangway a gentleman once well known here and happily remembered by many, E. B. Ketchum, of Arroyo Grande, San Luis Obispo county, California, who being tired of the sea, and with a thought of catching sight and a handshake, of some old-time friend, disembarked and took the evening express for Portland. Mr. Ketchum will return here in a short while, and take a few days off with his old friends in Astoria, chief of whom is Captain John W. Babbidge, an old shipmate of his in the days when both were younger.

#### In the Police Court—

Three disciples of John Barleycorn were before his honor Judge Anderson in the police court yesterday afternoon and two were assessed the customary \$5.00 or two days and the other who was mixed up in a fight superinduced by getting drunk will contribute \$8.00 to the city's funds or be the guest of Acting Chief Oberg for four days. One who had deposited \$10 bail did not appear and upon the recommendation of city Attorney Abercrombie his bail was declared forfeited.

#### An Equable Month—

According to the statistics on the weather of April last, kindly furnished by Weather Observer J. J. Kelliher, of the North Head station, that month was an equable period. The highest temperature was 30.52 degrees; the lowest 29.64. Total precipitation for month, 3.34 inches; greatest in given 24 hours, 1.08 inches, on 16th-17th. A 17-mile wind prevailed for the month as an average, with the highest velocity (for five minutes) on the 16th, of 85 miles an hour.

#### For the Bohemia District—

J. A. Fastabend, of this city, departs this morning on the 8:20 express for the Bohemia mining district of Oregon, and he will have headquarters at Orseca, Lane County, for some months to come. He has large interests there, and intends to prosecute them to a finality before he returns. He is president and general manager of the Mayflower Mining Company, a concern which has large and promising properties there, and the fact that it has just installed a 125-ton-capacity per day Vaughn crushing mill, indicates that there is something doing, or to be done.

#### The Spring Exodus—

This is the season when thoughts of the old home back east or across the seas; or elsewhere abroad on the earth, come to the easy-going Astorian and he picks up his family and hies him away for a month or two, to keep the promise he has been making for years to the "old folks at home." Among those who are in this humor may be mentioned Ben Young, who left out last night for British Columbia to visit his daughter, Mrs. W. P. Ogilvie; Mr. and Mrs. Henry Zapf and family, who departs this morning for Sauk Rapids, Minn., for several months' stay and a broader trip returning; Mr. and Mrs. Andrew Young, and Miss Young, who took the 6:10 express last evening for Tell City, Ind., to spend the summer.

#### Leaves for Europe Today—

Dr. August M. Kinney, son of Dr. and Mrs. Alfred Kinney, of this city, leaves Portland this morning for London, with his wife (nee Miss Maud Buckston, of Forest Grove, to whom he was married on Wednesday last) to take up his post-graduate work under the celebrated physician Sir E. Wright. After concluding his special studies with this eminent practitioner, Dr. Kinney will go to Berlin for several months, and from there to the great sanitarium of Dr. Turban, at Davonne, Switzerland. After finishing his European courses he will return to New York city and take a position as assistant surgeon at the Bellevue Hospital, under Dr. Gill-Wylie. There are scores of friends in Astoria and Oregon who wish this capable young physician all the success his devoted study and earnest ambition can achieve.

#### Clerks do Business—

The Astoria Retail Clerks' Association was in regular and formal session last evening, and added a group of six to their roster. They also passed a resolution to stand by the Astoria fight for the fisheries bill at the suggestion of the Cigarmakers' Union Men who were present to save the industry on the Columbia, and will contribute in the neighborhood of \$40, in this behalf, when the committee appointed to see the individual members shall have done its work. A special committee was also named and charged to confer with all the merchants of the city, on the matter of making a popular holiday

TWO MEN AGAINST ONE WOMAN! AND YOU CALL YOURSELVES GENTLEMEN!

here on the day the war fleet goes north past Astoria's doors, and this scene from "Dora Thorne" at the Astoria Theatre Sunday Evening, May 10.

committee will report at the next meeting of the association. The association enjoyed a delicious luncheon before adjournment last evening. These business men of Astoria are a keen and active set and have done a great deal of good in a quiet way since their organization, and they have done it without any accompanying noise, show or difficulty, a fact that speaks for itself.

For Typewriter Supplies see Lenora Benoit, public stenographer, 477 Commercial street.
